ALUMINUM DECORATIVE PANELS

Five modern and attractive designs

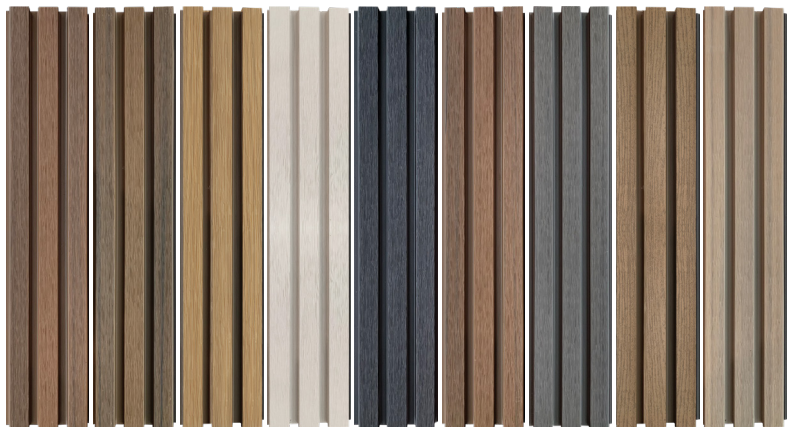

Made from high-quality aluminum, these sturdy and long-lasting boards are rust-proof and resistant to deformation. They are easy to maintain and clean.

They can be used within our fence systems for aesthetic to conceal elements such as garbage bins or outdoor air conditioning units for example, in addition to their beauty and functionality, they are environmentally friendly as aluminum is a recyclable and eco-responsible material.

- Powder coated aluminum decorative panels;
- Available in two sizes (6'X1') et (6'X2');
- Can be installed vertically or horizontally, either between boards or on top of the fence;
- Perfect finish thanks to the integrated frame;
- 10-year warranty on the panels.

OPTIMAL PROTECTION PROSHIELD PREMIUM®

The FIBERWOOD boards benefit from the excellent PROSHIELD PREMIUM® protection and come with a 30-year warranty. This protective layer covers the boards on all four sides, providing ultimate protection against stains, impacts, insects, scratches, and UV rays responsible for board discoloration.

A 100% ECO-FRIENDLY PRODUCT

This eco-friendly product is made from 90% recycled material and is 100% recyclable. After approximately 30 years of use, the FIBERWOOD board can be transformed into new materials.

TOP FENCE

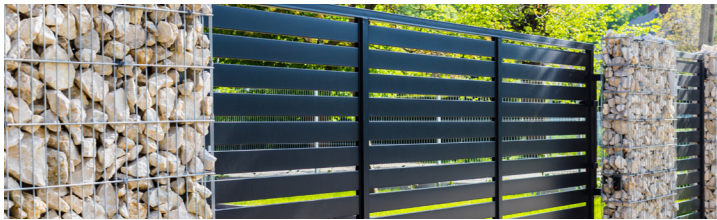

OPEN STYLE

ALUMINUM BOARDS FOR FENCES

With a 10 year warranty, the FIBERWOOD aluminum boards are made from powder coated 6063 T6 aluminum alloy.

CHOOSE YOUR STYLE

- **Top Fence:** Embrace this highly popular trend by combining wood composite fencing and adding aluminum boards in a horizontal top section.
- **Open Style:** allows for the creation of a very trendy fence that lets natural light filter through the boards while creating the desired privacy.

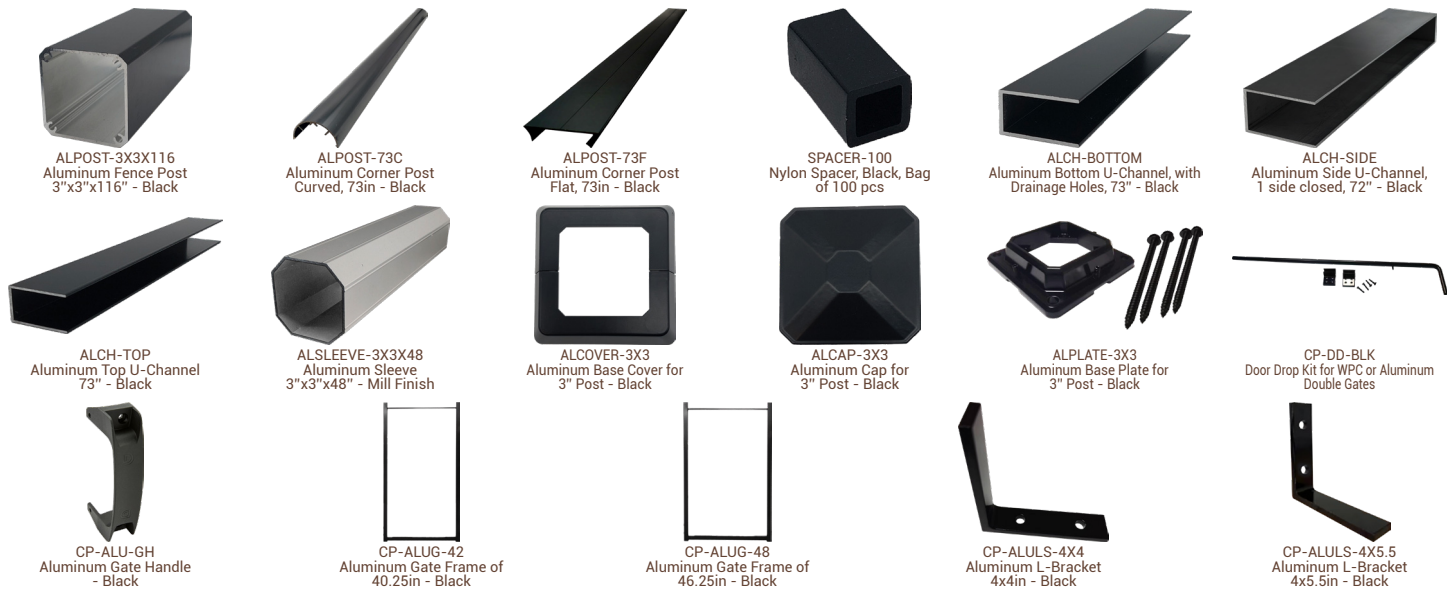

CHOOSE ORIGINALITY

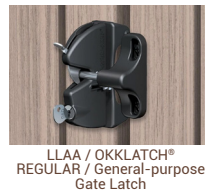

Unleash your creativity and originality. Aluminum boards offer a multitude of possibilities for combining them according to your tastes and imagination.
